

The Easiest Way to Order Labels: Introducing our Custom Website Plugin

Grow your revenue and revolutionize the way you manage label orders with ID Images' innovative website plugin.

Are your customers ready for a truly **seamless and easy ordering experience**? If your website is built on WordPress and can integrate with WooCommerce, our plugin is tested and proven to make your customers' label ordering experience effortless and generate more sales for you through **your own branded site!**

Our labels are specifically designed to work with the **most trusted inkjet label printers** in the market, such as Affinia, Canon, Epson, Primera, Quicklabel, TSC, amongst many other popular brands.

With just 5 simple steps, the label ordering experience for customers has never been easier or faster:

1. Select Your Printer and Setup

Manufacturer **Reset**
 Model **Reset**
 Process **Reset**
Roll Diameter **Reset**

2. Choose Your Label Shape & Size

Squares & Rectangles with **ROUNDED** Corners
 Ovals
 Circles
 Continuous
 Squares & Rectangles with **SQUARE** Corners
 Custom Shapes

3. Select Your Label Size
